

# Verde Building Solutions Capabilities

## Mission

Our mission is to consistently meet and exceed our client's expectations and provide the highest level of service and satisfaction through cost effective solutions, sustainable strategies, tactical project performance and our personal commitment to quality and excellence.

## Abilities

With over 10 years of construction experience we have been successful as a full service general contractor/construction management / facilities maintenance /property preservation company. We are a self-performing organization with in-house trades capabilities. We can provide various commodities and in-house installers such as furniture, modular office space, etc. We are capable in design-builds, working A-E projects and value engineering. Business type breakdown is approximately 84% construction /maintenance and 16% commodities. Specialty experience with hospital construction and providing the critical infection control measures to prevent patient hazards.
